

I have known Eddie Heinemeier since 1993 and have done business with The Staff Professionals, Inc. since 2003. I've had the privilege of working with them 23 years in my capacity as president of Bear Oil Company. During this time, I have continuously been impressed with their professionalism and contributions in helping us navigate the world of P.E.O.'s. I am confident that The Staff Professionals will bring the same knowledge and experience to your organization to find the best P.E.O. partner for your company.
